

FRENCH A1 COURSE

COURSE DESCRIPTION:

The Common European Framework of Reference for Languages (CEFR) has developed a description of the process of mastering an unknown language by type of competence and sub-competence, using descriptors for each competence or sub-competence. These descriptors were created without reference to any specific language, which guarantees their relevance and across-the-board applicability. The descriptors specify progressive mastery of each skill, which is graded on a six-level scale (A1, A2, B1, B2, C1, C2).

Level A (Basic User)

Level A is split into A1 (Beginner) and A2 (Elementary), this is the basic level required for most people seeking a visa or residence permit in Francophone countries. This course is also designed for Students of Intermediate Board and School kids of both CBSE and ICSE.

After completion of A1 course, One can understand and use familiar everyday expressions and very basic phrases aimed at the satisfaction of needs of a concrete type. Can introduce him/herself and others and can ask and answer questions about personal details such as where he/she lives, people he/she knows and things he/she has. Can interact in a simple way provided the other person talks slowly and clearly and is prepared to help.

GOALS/LEARNING

- Master The Basics Of The French Language
- Learn The Grammar & Vocabulary Of French Language
